

of the, I presume he is absent from Washington. Will you please
to send forward me with a copy of the amended Bill, and if the
appropriation in question has not been introduced make it will
you have the goodness to report that the Committee of Finance
of the House will, if the object be approved by them, make the
respective arrangements. My communication to the Secretary
of the House ^{which I suppose was sent to the Committee of Rep. Affairs} ~~submits~~
above alluded to will explain the design & I will ~~make~~ ^{also} an
explanation to the Committee directly if desired ~~company~~.

Mr. C. R. White is well acquainted with the objects of
Mr. Pease's ^{house} employment abroad in behalf of the Mint, and
has a copy of my former letter of introduction to him. The
above design was originally explained to 1864 Mr. Lawrence,
~~and~~ ^{and} afterwards to the same when in the
Treasury Department & fully approved by them. The present ^{and} ~~part~~ ^{of the}
of Mr. Pease's visit was provided for in the ordinary appropriation
for the Mint since 1861 of the original Bill - This ^{has}
~~relation to the of the~~ ^{has} ~~has not been~~ ^{been}
further ~~since~~ ^{the} ~~when~~ ^{about} ~~now~~ ^{referred to}.

I write with some hesitations, but as this moment
when an apprehension that by delaying until I could receive
~~any~~ ^{any} ~~of the~~ ^{of the} ~~information~~ ^{information} from you, might make
it too late to bring the subject before the Committee of the
House, I am compelled to thus report the Bill.

With great respect

Paul Horan Quincy

Yours truly
Paul Moore

Bank of Boston May 14. 1834

Sir

My Son who will hand you this has
Charged of a quantity of foreign Silver Coin amounting
to \$105,000 which he will deliver to you at the
Mint for Coinage - 105,000 Dollars of the Amount
belongs to this Bank and is in Mexican Dollars
Contained in 55 Kegs of \$5000 each marked A
Number 1 @ 55 inclusive, this Silver you will
please have Coined into half Dollars - the
Remainder say \$20,000. belongs to the Merchants
Bank and the Merchants Bank of this City &
of which you will be advised by those Parties
Respectably - We shall be pleased to have
the Coinage Completed as early as the Regulations
of the Mint will enable you to effect it -

The Certificate for the Silver from this Bank
say \$105,000 as above stated, you will please
enclose & forward to me by Mail, and I will
thank you when the Coinage of it is Completed
to direct the Coin to be put up in the same Kegs
in which the Silver is now sent -

I am very respectfully

Samuel Lloyd Esq

Director of the Mint

Philad^a (over)

John A. P.
Jas Newbold Esq

P.S. The Cashier of the Merchants Bank
instead of writing to you himself requests me
to say that their Office of \$100,000 in Certificates
in S. & W. N. 1 & 50 inclusive marked O., the
Certificates for which to be issued in favor of the
Merchants Bank in the City of New York and
which you will please transmit to me by
mail - they wish their Silver to be coined
into half Dollars -

Respectfully Yours
G. W. P.

Mint of the U. States
Philadelphia May 13. 1834

The mineral samples forwarded
at the request of Mr. Taylor, with your letter of
the 7th. have been carefully examined by Mr.
Crand, the Master and Refiner of the Mint.
I am happy to say he is ^{completely} satisfied in
~~the result~~ ^{the result} of the examination.
It is enclosed —

Neither of the specimens contains
any gold silver or lead. The prospectors of these
ores will not find them, in any manner,
worthy of his farther attention. Though like
many others of this character they present alluring
appearances.

I am with great respect
Yours obs. Servt.

Thos. R. B. Tenny.
Clerk of the House.

R. Moore

Land. Moore Esq.

Lancaster May 9. 1834.

Director of the Mint.

Dear Sir.

Enclosed we hand
an bill of last parcel planchets received
amounting to \$2,500 - for which when a payable
after the same have been approved, we will
thank you to remit us a check or certificate
of Deposit.

In your favor of the 10th March you write, "do not
send more than 5 tons after this reaches you without
orders for a further supply." Having sent the
5 tons you would remark, that the mach
used for making the planchets if kept in constant
operation, would be able according to an estimate
to make the amount annually used at the mint.

As, therefore, it will be necessary to keep the
said machine steadily employed, we should be
glad to be informed (if you can do so consistently)
what amount in months will probably be required
by you - and we will deliver them at such times
in such quantities as you may direct.

Very Respectfully,

(Your Obedient Servant)

Director of the Mint

Philadelphia.

The Hon. A B Tamy
Sec. of the Treasury

Ballston N York
May 5th 1834

Sir

The three parcels No 1, 2, 3, which accompany this note were left at my house in my absence by a respectable mechanic with a request to forward them to you to be sent to the Director of the Mint of the United States. These ores are found in the bed and on the margin of the Seneca Lake, and from the crude analysis made of them by the discoverer, are supposed to contain gold, silver and lead. If there is anything improper in this communication being sent to you, have the goodness to pardon me if otherwise an answer in due season from Dr. Moore, will be thankfully acknowledged.

Very respectfully
Yours obt Serv

(Signed) John W Taylor

~~54~~

Minst of the United States
Philadelphia, May 5, 1834

Dear Sir

Yours of the 2^d is at hand. At this late hour I must refer you on the subject of your inquiry to my opinions expressed in a communication made to the House early in December, under a resolution of the last Congress - see pages 10 & 11 document No 8, which is in favour of rendering the coins in question a legal tender by tale in the same terms as the Spanish dollars have long been ^{declared} ~~used~~ and are now a legal tender.

Dollars of the fineness specified in the Bill, and perfectly clear from dirt, are of the value of 116 ^{with an extremely minute fraction} 7/10 cents per ounce; and if of the ordinary weight of Mexican Dollars now in currency, would at that rate amount to about \$100. ⁵⁰/₁₀₀ for each hundred. On receiving them, therefore by weight and passing them by tale, ~~there would~~ ^{there would} be a loss of that fraction. This loss to the holder of these coins, when the limitation of their tender at the proposed rate shall expire, is adverted to as a reason against this rate of tender in my letter to Mr. White, Chairman of the Committee on Coins, of published in

~~the~~ part of exchange. ^{the loss} ~~the loss~~ may be avoided, while the
legal tender continues, by paying ^{other coins} ~~them~~ in sums not less than
\$100. It is the intentment of the Bill, that ~~they shall~~ ^{they shall}
not be paid in less sums. When the tender ceases, if it should
cease, the holder must, to avoid loss, avail themselves of ~~the~~
occasions when coins of this character are at a premium at
one ^{our} dollar for export.

I have ~~been~~ ^{been} ~~informed~~ ^{informed} by Mr. White, to understand, ~~that~~ ^{that} my opinions on this subject ~~will be~~ ^{will be} and who will explain to you, I am sure, the considerations on which he thinks his Bill preferable. I must believe, a few ~~more~~ ^{more} ~~minutes~~ ^{minutes} of your time. Having in my official capacity, been formally called on by a resolution of the House in regard to these subjects, and my communication having been ~~received~~ ^{received} and printed, and referred to the proper Committee, I feel doubtful of the propriety of my entering into a private discussion of the subject by correspondence with individual friends in the House, in opposition to the views of that Committee unanimously as I without maintenance a reported.

This will ^{sure} reach you, after the action of the House to-morrow on the Bill ^{probably} ~~in question~~. If it should not, I immediately ~~write~~ that it seems to me better not to return the Bill by an adverse vote on its final passage. It is far better that the bill pass as reported, than be much longer delayed. The legal tender of these coins is of great moment at this time. The inconvenience of paying by weight, which I regard of more consideration than the proposed grade of metal

will occasion probably an early modification of this provision.
The Senate may possibly think it expedient to ~~insert~~^{amend} ~~the Bill~~^{in this particular case} ~~to~~^{it}
~~be made as an amendment in that way.~~ That the
Bill should pass the House, having been so far matured,
is on the whole much to be desired. Payments in the form
of coins contemplated by the Bill will ^{be} chiefly in
harmony with the 10 clause ~~and~~ ^{but} ~~with~~ other
with each other

Yours in
Affection
J. Moore

Thos. James Harper.

Washington 2nd May 1834

Dear Sir

The house of representatives have had the inclosed bill n^o 255 Under consideration and postponed it till next Tuesday

Will you be so good as to examine it and send me such remarks as it may suggest to you as there is much diversity of opinion as to its practical operation

Will or will it not result in a loss to any freeman who may receive a payment by weight and afterwards pay it out in small denies by tail

I am respectfully your most obed^t

Sam^l James Hayner

Hon S Moore

Moore, Samuel, Director,
to
Franklin Peale

Dear Sir

I am not yet able to say anything farther as to the application for Mr. Moore, required in the case of the gold and silver parting. A few days must determine this point.

It has very recently occurred to me to suggest that you will acquaint yourself with the most successful means of reducing the ores consisting of gold. This subject is acquiring much interest here. The development of the gold mines in the South is surprising. Not less than \$2-3 million in gold will be produced from the Southern states this year. Virginia is becoming a highly productive gold district. I am concerned in a Charter Company now operating in that state. The ore tried by a small ample assay is found to contain much more gold than the process of amalgamation will extract, and attention is therefore turned to some process of smelting, which will be cheap enough for large operations.

The problem is - A bushel of ore say 100 pounds contains, according to the mean of many trials four dollars worth of gold. You have examined the locality and know the prevailing gangue. Quartz with a portion of ferruginous matter, the latter often clearly prevalent. Now we want an economical process for extracting the gold in the large way.

It is presumed that all that is known in Europe may be found at the _____ in Paris. It would be a most acceptable acquisition to obtain the best process for the purpose.

The danger of expanding the Metallic basis of our currency, by making our own gold subservient to this object, would be eminently presented and the introduction of a successful process would be a highly creditable and popular achievement.

In some parts of Europe they work profitably very near ours. This enquiry is almost in the direct line of your leading objects and justly claims regard as a public commission. The refiners who collect what is called sweep, must have an economical method of saving this sweeps. But I have it with you to ascertain, if you have the cheapest mode of refining. What will be the cost of this process in 100 pounds. The cost will of course, be the same whether that quantity contains four in gold or only one.

Fisher tells me that his sweeps is often bought by a person who _____ to France.

Yours truly,

SAMUEL MOORE.

[illegible]

To Franklin Place

For the first time in the history of the world, the people of the world are now free to choose their own government.

The ~~renominated~~ ^{called} prices, ~~called~~ "Marquino Money" are known here by the name of Col prices under which denomination they ~~are not~~ are not ~~improperly~~ ^{are not} properly found in the records of the Mint. It would seem that at a former period they have constituted a considerable proportion of the silver coming in Spanish America. The value per ounce of the prices now tried is $117\frac{7}{10}$ which corresponds almost precisely with that of the ~~Spanish~~ ^{Spanish} dollar dollar and has ~~been~~ ^{been} ~~of~~ ^{of} ~~the~~ ^{the} ~~same~~ ^{same} value as a standard piece of silver which ceased in the Coinage of Spain in 1772. The dollar is worth about $117\frac{7}{10}$ cents per ounce.

One of the prices ^{is} denominated in the letter of Mr Danonville the ~~1/8~~ ^{1/8} of a dollar. It might seem so little seems that of the kind called the 1/16, that I presume they should be ~~placed~~ ^{placed} together. The value by table of the several prices is subjoined.

Col prices - $\frac{1}{4}$ dollar	23 $\frac{9}{10}$ Cents
do $\frac{1}{8}$ do, so called -	4 $\frac{9}{10}$ do
do $\frac{1}{16}$ do	4 $\frac{17}{100}$ do

On the whole it may be supposed ~~that~~ comparing the average of former prices of the Columbian dollar with the present results that there seems an worth about 93 cents per ounce ^{now} and about 70 cents by table. The ~~present~~ ^{present} ~~value~~ ^{value} ~~of~~ ^{of} ~~the~~ ^{the} ~~same~~ ^{same} ~~is~~ ^{is} ~~referred~~ ^{referred} to may be considered as worth about $117\frac{7}{10}$ per ounce. The Spanish Mare is equivalent to seven Reales with penguenis by Troy.

Yours very respectfully
John M. M. M.

[illegible][illegible][illegible]

11/17/1861
1861
3-1/2
1/2
Mint of the United States.

The following are the regulations for the distribution of the cents and new nickel three and five cent pieces of the United States:

The bronze one and two, and the nickel three and five cent coins, can now be had at the Mint, in exchange for the gold and silver coins, or legal tender notes of the United States. The new three cent pieces are put up in bags of thirty dollars, and the five cent pieces in sums of fifty dollars each, and either of these sums, or any larger amount—of which thirty or fifty is a multiple—will be sent in the order of the entry of application.

The reasonable expenses of the transportation of the cents and three cent pieces in sums of thirty dollars, and the five cent coins in sums of fifty dollars or upwards, to any point accessible by railroad or steamboat, will be paid by the Mint.

All orders for small coins should be addressed to the Treasurer of the United States Mint, and all drafts or certificates of deposit should be made payable to his order.

H. R. LINDERMAN,

Director.

An Act concerning the Gold Coins of the
United States, and for other purposes

Be it Enacted by the Senate and House of Rep-
resentatives of the United States of America in Congress
assembled, That the gold coins of the United
States shall contain the following quantities of
metal, that is to say; each Eagle shall contain
two hundred and thirty two grains of pure
gold, and two hundred and fifty eight grains
of Standard gold; each half Eagle one hundred
and sixteen grains of pure gold, and one
hundred and twenty nine grains of Standard
gold; each quarter Eagle shall contain fifty
eight grains of pure gold, and sixty four and a half
grains of Standard gold; every such Eagle shall
be of the value of ten dollars; every such half Eagle
shall

shall be of the value of five dollars; and every such quarter eagle shall be of the value of two dollars and fifty cents; and the said gold coins shall be receivable in all payments, when of full weight, according to their respective values; and when of less than full weight, at less values, proportioned to their respective actual weights.

Sec. 2. And be it further enacted, That all standard gold or silver deposited for coinage after the thirty first of July next shall be paid for in coin under the direction of the Secretary of the Treasury, within five days from the making of such deposit, deducting from the amount of such deposits of gold and silver one half of one per centum: Provided, That no deduction shall be made unless said advance be required by such

depositor

deposited within forty days.

Sec. 3. And be it further enacted, That all gold coins of the United States, minted anterior to the thirty first day of July next, shall be receivable in all payments, at the rate of ninety four and eight tenths of a cent per penny weight.

Sec. 4. And be it further enacted, That the better to secure a conformity of the said gold coins to their respective standards as aforesaid, from every separate mass of standard gold which shall be made into coins at the said mint, there shall be taken, set apart by the Treasurer and reserved in his custody, a certain number of pieces, not less than three, and that once in every year the pieces so set apart and reserved shall be assayed under the inspection of the Officers, and at the time, and in the manner now provided by law, and, if it shall be found

found that the gold so assayed, shall not be inferior to the said Standard herein before declared, more than one part in three hundred and eighty four in fineness, and one part in five hundred in weight, the Officer or Officers of the said Mint whom it may concern, shall be held excusable; but if any greater impurity shall appear, it shall be certified to the President of the United States, and if he shall so decide, the said Officer or Officers shall be thereafter disqualified to hold their respective Offices: Provided, that, if in making any delivery of coin at the Mint in payment of a deposit, the weight thereof shall be found defective, the Officer concerned shall be responsible to the owner

for the full weight, if claimed at the time of delivery.

Sec. 5. And be it further enacted, That this act shall be in force from and after the thirty first day of July, in the year One thousand eight hundred and thirty four.

(Approved June 28th 1834.)

Mechanics Bank
New York June 12th 1834

Sir.

I have received your favor of 10th inst.
and by receipt that the silver forwarded by me
to the Mint for Coinage was deposited with us
by different Individuals, and supposed to be foreign
Coin as the package was not opened here, but
sent to you in the stock in which they were received.
I could not ascertain the precise amount of their
content, I was however induced to believe that
there would be a considerable stock above the
amount stated viz \$100.000. The Certificate
already received will enable me to account with
the depository, & I regret the necessity of having
~~trouble~~ occasioned you, as it would seem unnecessary
trouble in this matter. The half dollar of which
you make mention, has passed to the credit
of Mr. Sutton & Co by Express, on application

Dear Sir

Washington 21 June 1834

The Gold Coin Bill has just been disposed of in the House. When called up by Mr White, he unexpectedly gave up the whole Bill that he had reported, Ratio - Subordinating currency, & all, & came out with a substitute making provision for gold coins only - and those of a description which the Globe has been publishing for a week. As the Bill was not printed, I will give you a brief outline of it. The 1st sec. directs a coinage after 30 July of Eagles having 232 grains of pure & 256 of Standard - and Half Eagles - Twenty Eagles, & Dollar pieces of proportional value. The 2^d makes the existing gold coins U. S. receivable at the corresponding value. The 3^d sec. is a provision for the assay of the new coins - with an allowance to the mint - necessary to your report of 2 Dec. 1833 of $\frac{1}{100}$ in purimp & $\frac{1}{100}$ in weight. The 4th - a provision to pay in standard bullion in coins as far as practicable, with an option to the depositor to weight 40 days & receive without charge for coinage. - The President opposed to this high rate, tried to amend by proposing $\frac{1}{100}$ in 15.625 & then $\frac{1}{100}$ in 15.865 your 11th 1 & 10 - but both propositions were rejected by common

majorities, the gentlemen from the gold producing States, generally
taking against them, along with the whole body of the administration
party. - The matter was propositional before them - and finally the whole
number voting against the Bill, myself included, was about 35 or
36. - The apary clause was one pointed ^{by myself} ~~by myself~~ which differs
from the former, not only by including your suggestion, but by repeating
the phrase of temporary absolute disqualification in the law of 1792
imposing the disqualification, if the President on the fact being
certified shall so decide. - What the fate of the vote will
be in the Senate, I do not know.

I am very truly

Yours

7 July. 1834.

My dear Sir,

This morning, I had the pleasure
to receive your letter of the 5th inst.
You were quite right in considering the
copy of the act erroneous: and I am
glad that you determined, at once, to send
it back to this Department, that the error
might be corrected. Though the copies
are certified by me, I am obliged, as
happens to many Acts in public office,
to give my name on faith; the com-
paring of the papers being the work
of others.

A correct copy of the act has been
sent to the Registry, whence you will
receive it by the next mail.

I am, Dear Sir, with great esteem
Yours Truly, A. D. Smith.

Navy Department

July 7th, 1834.

Sir,

Your letter of the 30th ultimo, upon the subject of the naval medals, referred to you by a letter from the Department of the 26th ultimo, has been received.

Your suggestion that there might be an advantage in deferring any further proceedings in the accomplishment of the objects to which these letters relate, until we can avail ourselves of the advantages to be derived from the information to be acquired from Mr. Deale, who is now at Paris, charged with various investigations in regard to the precious metals, and particularly as to the art

of bronzing, is deemed a sufficient reason
for postponing the subject for the present. un-
til this expected information can be received
from Mr. Peale.

Very Respectfully yours.

Wm Moore

Thos W. Bleett Esq

Carl: W. Chapman & James W. H.

Albany

Mint of the United States
Philadelphia July 28. 1834

Dear Sir

In reply to your communication of the 15th
respecting the effect of the recent act of Congress on
the ~~mint~~ value of gold, I state with pleasure, for
your satisfaction - that gold of the quantity mentioned
by you viz. of the value of 84 cents per dw't. at
the Mint, ^{under the} ~~under the present law~~, will by the
new act be worth $84\frac{61}{100}$ cents per dw't. -

The basis of the calculation is that
an Eagle under the new coinage will contain ^{only}
232 grains of pure gold, while an Eagle of ~~the~~ ^{our present}
coinage contains $247\frac{1}{2}$ grains of pure gold, so that
232 grains are raised to $247\frac{1}{2}$ ^{the standard} which is equivalent
to $6\frac{61}{100}$ per cent advance - the gold coins of
first issue are consequently advanced from

$88\frac{6}{9}$ cents to $94\frac{5}{10}$ cents per dwt, at a wholesale rate,
 after the 31st instant they will be a fixed tender,
 making the former ^{English of full weight of 20 grains} ~~to be~~ worth $\$10.66\frac{6}{10}$

With great interest
 and regard
 Yours truly

John Moore

Director of the Mint &c

Yours of the 12th has been received & I am pleased to accept my acknowledgments for the information communicated in your favor of the 15th.

I feel obliged for the polite tender of your services, but having made arrangements with our friend Mr White Cashier of the Merchants Bank N.Y. for a supply of gold, I will only trespass so far upon your good offices as to request the favor of you to forward us five kegs of cents containing \$130 each & in one of the kegs \$1000 in dimes & 1/2 dimes. This will serve our present purpose. We will risk the conveyance of the silver. There is my etc on Merchants Bank N.Y. for \$1650.

I am with great regard

Yr Much obliged &c &c

P. W. Culligan

Bank of America

July 24. 1834

Samuel Moore Esq
Director U.S. Mint
Sir,

I forward under charge
of the Postoffice, a flask in this Bank,
Three Keys, and two Boxes of Gold, to be
deposited at the Mint for Coinage into new
half-Eagles. - The Three Keys containing \$109,020.
value under the old Law, in United States
Coin of past issue; and the two Boxes contain
Bar-Gold from the State of Georgia in Box 108
47 Bars weighing 22,087 Dwt., and Box 109
87 Bars weighing 17,073 Dwt. - I have to re-
quest of you the favors to give me the results
of the weight and value of this Gold in the
usual separate Statements, as follows. -
First - The paper parcel containing 12 Bars,
weight 5120 Dwt., in Box 108. -
Second - The remaining 30 Bars in Box 108. -
Third - One Bar marked "Canal" wt. 201 Dwt. in
Box 109. -
Fourth - Three Bars marked "Deliver" wt. 574, 577, 581 Dwt.

in Bond 1809.

Fifth - The remaining 33 Part in Bond 1809.

Sixth - The whole of the Coin in the 3 Bales
Nos. 2.3 - Say \$109,040. - A statement
of the weight and value of each of
these parcels is respectfully requested,
but the minute certificate may if
you please be in one and for the whole
amount.

Enclosed herein are
Invoices of each Bond of Car. Gold -

I am very respectfully
Yours Obedt Servant
Geo. Newbould

Bank of America July 24. 1874

Saml Moore Esq

Director of the N.Y. Mint

Sir

Your favor of the 21. is rec^d. and I am pleased to learn that you will receive our Gold Coins of fresh issue for recoinage, and that you will furnish this Bank with at least \$100,000 in New half Eagles in all next month for a deposit of Gold of like amount if made by us within a few days, I thank you Sir for this information & I prepared forwarding tomorrow about \$150,000 in Gold, part in Coin and part in Bars, and as it is possible that our Messenger may not arrive at Philad^a before 7 or 8 o'clock in the Evening, may I ask of you the favor to allow him to deposit it (altho' late) directly in the Mint -

I am very respectfully
Yours Obt^l Servant
Jas Newbold Esq

Treasury Department.

July 24. 1874.

Sir,

I have to acknowledge the receipt of your communication, dated the 21st instant enclosing a copy of a letter addressed by you to the Cashier of the Farmer & Mechanics Bank at Albany.

Pray you to accept our acknowledgments for the many useful and satisfactory suggestions contained in your letter.

I remain very Respy
Yours Truly, Geo. S. Moore

Levi Woodbury
Sec. of the Treasury

G. S. Moore

Director of the Mint
Philad^a

Treasury Department.

July 22, 1834.

Sir,

Your communication dated the 19th instant has been received. There does not appear to me to be any objection to the plan suggested by you of having a sum of Money placed in Bank subject to the draft of the Directors of the Mint and applicable to the prompt payment of Mint certificates for deposits of Gold at the deduction provided by law. This sum, it appears to me need not, necessarily, be large, as the fund will, from time to time, be repaid some drawn from it, as the coinage can be effected. You are, therefore, authorized to draw on the Girard Bank after the 31st instant for the ^{payment of} Mint certificates for deposits for Gold, to an amount not to exceed twenty thousand dollars & the Cashier of the Bank will be instructed to place that sum subject to your drafts for that object and I will thank you to keep the Department advised of the effect of this measure & of the weekly condition of your account.

When your reply to my communication of the 19th inst. shall be received I will decide on the expediency and propriety of authorizing the receipt of the Mint certificates in payment of duties at the Custom House.

I do not think there can be any objection on the part of the Bank to receive them as cash, and, if time should be, some other arrangement may be effected thro' the Collector; if that be done, it is presumed it will lessen very much the demands on the Mint for coins in payment for deposits.

Permit me, in addition, to request that the preparation of the dies for the Eagles and Quarter Eagles may be hastened as rapidly as possible.

I am very Respectfully
Yours Obedt. Servt.

Sam^l Woodbury
Secretary of the Treasury.

J^l Sam^l Moore.

Director of the Mint.
Philadelphia.

Mint of the United States
Philad^a July 21. 1834

J
Sir

By a letter from the Secretary of the
Treasury on the 14th inst. I had my anticipations con-
firmed in regard to the measures of our present
gold coins, so far at least as regards their reception
for coinage after the 31st without any special de-
cision as to any pending law. This is however
more of little moment -

Yours
You will ~~therefore~~ forward when it shall
be convenient for you, to be deposited ^{at the Mint} after the
31st as well as our own gold coins of first issues
~~as~~ ^{as} ~~any foreign~~ ^{gold} ~~coins~~ ^{of this} ~~in that you~~
may deposit in the first five days of August, not
exceeding say \$100,000, will be ready I trust for delivery
in half Eagles in all that month & if the amount
should exceed this we may find it necessary to ex-
tend the time for the receipt, perhaps two days for

an additional \$5000. Now if any guarantee will
probably be issued within the period mentioned

~~If the amount handed over this,
the money paid it necessary to extend the time for
the winter perhaps ten days for an additional
\$5000 - The young persons will be issued
probably within the period mentioned.~~

Very respectfully

Your obedt. servt

Wm. Moore

Gov. Newbold Esq

Pres. Ph. of America

Gov. Newbold Esq
July 21. 1834
2436

Brimshton Bucks City N.C.
July 26th 1854.

Dear Sir.

On examining the late act of Congress in regard to the relative value of Gold & Silver, I am under the impression that there is an increase on former Gold coins of 6 1/2 per cent, while the increase on bullion when hereafter coined will only be 4 1/2 per cent. My object in addressing this note to you, is to beg of you the necessity of so managing my Gold as to afford me the largest possible profit - If by coining it under the old law it will yield me more I hope it will be done, if not let it go on under the new law - write me on the subject to Georgeville N.C. -

Very res^{ly}

Thos. M. Jones

I am not insensible of the extra personal care which
 the Hon. Board must exercise, but shall find an equivalent
 for this in the satisfaction of rendering the West as far as practicable
 assisting in promoting the general interests in regard to the African cause.

Launceston July 18. 1834.

Samuel Moore Esq.

Dear Sir.

We duly received your favor of the 26th May last, in which you say, it is probable we shall think it proper to draw a portion of our supply of Planchets, from abroad.

The object of the present, is to propose a few queries, respectfully, to which if consistent we should like to receive replies.

1st Is the quality of the copper furnished by us, equal to that heretofore received.

2^d Is there any disposition on the part of the Directors of the Mint, to obtain any part of their supply from abroad, provided contracts can be made for the Domestic manufacture on as favorable terms, and a satisfactory pledge given that requisitions on the contractors will be promptly complied with.

We would remark, that the expense & trouble we have been subjected to, in preparing the necessary machines for cutting, and the several processes of finishing, has

been considerable & that we were induced
to embark in the business from the tenor of
your letter under date of 10th April 1832 in
which you write, "It would be very satis-
factory to be able to obtain from Establishments
within the U. States, the material of our copper coinage,
all propositions hitherto made, having this object
in view have been entertained with a wish favorable
to their success, subject to the condition that no
disadvantage to the public should arise therefrom."

(Requesting) a reply to the foregoing at
your convenience.

We remain.

Very Resp^d.

Yours M^{ch}. &c.

Crocker Bro^s. & Co.

Treasury Department
July 18. 1834.

Sir,

Your communication dated the 15th instant was duly received. I am perfectly satisfied, that the public convenience for common circulation requires that the present gold coin of the United States should be received and received at the mint when desired.

I am happy to learn that you will be in readiness to commence operations on the 1st of August next - and should the Mint find itself unable to meet, seasonably, all the public wants I would suggest a modification of the present rule so as to receive in the order of time deposited all sums under a certain amount - but that the receiving of samples

over a certain amount be postponed at specified times,
such as may be estimated to be convenient.

I remain very Respectfully
Yours (Wm. L. G. S. S.)

Secy. U. S. Treasury.

Dr. Saml. More -

Director of the Mint.

Mount of the United States
Palace. July 17, 1834

Dear Sir,

I ~~am~~ according to you on a wide line
in trying to make the subject of your enquiries of the 30 ulto.
have not been forgotten ^{through} my special engagements
at the same moment ~~of~~ ^{the} you have been thus far
intended my reply ~~to~~ ^{to them with due} ~~to the Commissioner~~
~~the~~ - I shall be able to do this by ~~the~~ Wednesday
next -

With great respect

Yours truly

Samuel Moore

Hon. Henry W. Cannon -
House Rep.
Washington

Treasurer, Defiantment.

17th July. 1834

Sir,

I wish you to report to me the number ^{& amount} of Mint
certificates actually outstanding - the length of
time before the coin is generally delivered on
them and whether their value is above or below
par in most cases.

The anxiety of this Defiantment
to meet promptly the wishes of Congress & the community
in the receipt of gold - and in disposing that &
the new coinings of gold from bullion seasonably &
regularly must already have been manifest to you

and, from your well known experience & intelligence on
these subjects, it is hoped, every useful method or sug-
gestion in aid of my views, occurring to you, as many
doubtless will, may be adopted, or submitted where my
sanction is deemed necessary -

With much respect & regard

Yours Ob. Serv

Levi W. Connelley

Secy. Maine Exp. Director of the Mint.

D
ush of America July 16. 1834

Sir

Agreeably to the Suggestion in your
last letter I have tried to renew the enquiry
Respecting the Receipts of the present Gold
Coins of the U.S. Mint, we have on hand
amounting off \$100,000 in Gold about \$70,000
of which is in half Eagles, the remainder in Bars,
and the whole of which I am desirous of
having Commuted as early as practicable into
new half Eagles under the late law, will
you please inform me whether you will
now receive the present Gold Coins of the U.S.
for Receipts, and if so, & and should deposit
at the Mint within a week from this time
\$100,000 or \$150,000 in Coin & Bullion, at about
what time could we Calculate upon receiving
the amount in new half Eagles - if convenient
I will thank you for an answer by the Eastern
Mail - I wish to obtain a lot of Standard
weights for Gold, will you please inform me
whether I can obtain them at the Mint -

Informed by the Navy Paper, that a Cold Table
will be published in England on the 20. Inst, will
you please inform me whether the Table has been
reformed under your supervision, or if otherwise,
whether it may be relied upon as accurate -

I am very respectfully

Merchants Bank

Portland July 16 1834

To the Director of the Mint of the United States
Sir

Is it convenient for you
to furnish the "Bank of Portland," and this Bank
with about 2000\$ in dimes & half dimes.

it is very difficult for us to obtain a supply
of Change. the (small) Spanish Change circulating
among us is constantly decreasing. Please
say if you will receive a check on the Bank
U. S. in lieu of a deposit of Silver at the Mint.

I am very respectfully

Yrs Jett Bent
John Oronard and
" " "

Minist of the United States
 Philad^a 16 July 1824

By your letter of the 14th. a suggestion it appears has been offered of in two -
 during twenty four hours instead of thirteen for the purpose of reducing more
 obvious the difference between our gold being issued ~~of~~ before and after
 the 31st instant. It has not probably occurred to the person offering this

[illegible][illegible][illegible][illegible]

[illegible][illegible]

No difficulty of making the ~~difference~~ separate distinctions,
it may be said, will have no limited position. The language of five volumes
of the current year alone is around twelve of this respect has been counted by
Boyle, and only about 70,000 in quantity - The aggregate of labor & quarters
remaining in the country will be inconsiderable, & of their earnings as
afforded they will ^{generally} be thrown off upon the land rather than put
upon the market. This fact has been pointed out, &
~~off of~~ I am very well satisfied, affords more than four times

I agreed to the distribution of the new being
for the benefit of the circulation - I ~~was~~
~~with the end of further inquiries & further~~ ^{and joyful contribution}
~~last sample made of offering their~~ ^{to the}
to me ~~in the same manner as~~ ^{the same substance}
next day. It will certainly ensure the topic alluded to in my letter
to the Representatives of the 7th inst., relative to the manner of offering
the prompt payment of deposits. I am very respectfully
Yours Linn Woodbridge
Secretary of the Society

Treasury Department
Aug 16 1834

Sir,

Another suggestion has been made to
give preference to the new die for the gold coinage,
which I submit to you.

It is thought that the part on the
coinage present the best means of distinguishing
the new piece from the old, and by increasing
their number from thirteen to twenty four, so as to
make them correspond with the present number
of the States of the Union, it would be an adequate
improvement and a ready mean of distinction between
them -

As it is desirable, that the new coinage
should go as widely and as speedily into circulation
as may be practicable, the Department trusts that
the Director of the mint will adopt every just &
fair means necessary to aid, as far as lies in his
power, the impartial distribution of the new coin,
by telling all applicants for it, that, at an early period
a due portion.

I am, Sir, very respectfully,
Yours obt. Servt

Doct Samuel Moore
Director of the Mint

Levi Woodbury
Secretary of the Treasury

Mechanics & Farmers Bank
Albany July 14 1834

Sam Moore Esq,

Director of the Mint

Sir We are directed

by the Secy of the Treasury to provide ourselves
with current coin under the recent acts of Congress
concerning coins, with a view to its disbursement
to prisoners & others having claims against the
Govt. We should like to have \$20,000 in gold
mostly in $\frac{1}{4}$ & $\frac{1}{2}$ Eagles & \$2000 in small
silver change. I name a less amount than
we could desire supposing you cannot at once
supply all demands & will thank you to
inform me what amt we can have & at
what time & whether a check on it will
be satisfactory after you receive advice of its
payment. Please also inform me who pays the
expense from the risk of transporting the specie

With great regard

Yr. Asst

Thos. W. Elliott Esq

By the gold table in our possession
from the State I said to be corrected at the Mint
Sovereigns are worth 94⁷²² Cts. & 20 Mills
Old Eagles ——— 94⁸²⁶ ———

It is safe to receive Sovereigns at the rate of old Eagles.

Of the gold in old Eagles 253,090 grains are required for
\$10. — add 1,9389 grs. or — 4,907 the difference between old
Eagles & new — makes to new 258. grains, which is the present Standard.

By the above rule the Sovereigns sent to the Mint
will exceed the amt. given in their statement \$38.83

Example —

oz. dwt. grs	
Gross weight for their statement	1449. 7. 2
add 1,9389 grs. or	28. 2.
Standard	<u>1477. 9</u>

oz. dwt.

1477. 9 Standard @ 93⁰²³ Cts. & 20 Mills is \$27,487.36

Their statement gives

oz. dwt. grs	
1475. 7. 6 Standard	@ 93 ⁰²³ = <u>422,645.00</u>
	27,448.53
	Difference \$38.83

2,1318 difference in weight @ 93⁰²³ is \$38.83 —

Wm Wm Woodbury
Secy of the Treasury

Dear Sir

I trust you will

pardon my intrusion in thus addressing
you. My object is to ascertain from you
whether or not the mint of the U States will
recoin over the present American Eagles
allowing for them at the same time \$10.⁰⁰ and
give new coin in place of them
valued at \$10. And also whether the Mint
will allow in the same way \$4.⁵⁰ for
Sovereigns, provided they are full
weight; And likewise whether or not
cash of those coins are a legal tender in
payments to the governments at the rates
stated in the bill just passed Congress;
for instance \$4.⁵⁰ for Sovereigns and
\$10.⁰⁰ for Eagles.

By giving me an early answer to the
above inquiries, I will be under a great ob-
ligation and beg leave to subscribe myself

Yours friend

Kullepers Retreat 15th July
1847

My Dear

The passage of the "Gold Coin" bill by Congress, has, we miners hope, raised the value of our Gold, but to what extent, we are at some loss to ascertain. There were various opinions & calculations by Members of Congress as to the results it would produce. I confess I am somewhat at fault, & the object of this letter is to elicit your opinion with regard to the advantages we Gold Miners are to receive from the measure.

My Gold according to the Mint Agents averaged something near 84 cents D.D.W. sometimes even sometimes under. Now I wish to know what my bullion (here = to fore worth 84 cents, the pennyweight) will be worth under the present law. The calculation here is, that its value will be enhanced (I mean the Mint value) at from 2 to 4 cents on the pennyweight. It seems to me it ought to be more - I wish however, if it is not too much trouble to get your calculations, which I know will be correct & my sales of Gold will be governed accordingly. - I shall hold up therefore what I have on hand till I hear from you.

I rec^d. yours relative to the ones on Mineral Substances I sent you by Mr. Weston, by last mail. The result is what I anticipated. please present my thanks to the gentleman who was troubled with the Analysis. And accept for yourself the sincere friendship & esteem

Samuel Moore Director of Mint & Coinage

Direct To "Printed" 9.0 - 13.6 -

Samuel Moore, Esq.
Sir,

New York 15th July 1834

Can you, without much trouble, inform us by return mail, what a British Sovereign will net in the New American coin, admitting the Sovereign to weigh ~~5~~ 5 Pwt 2 grs? Also a Patent & a Royal Doubleton weighing 17 Pwt 8 grs - also a British Guinea 5 Pwt 8 grs. We are large holders of Gold coin and be very much obliged by your ^{attention} if any expense to you we shall most cheerfully refund.

Yours, Sir, very respectfully,

A. P. Knapp & Co.

\$140 in Amos \$60 and in July disburse \$50, has
been this day forwarded to the Agents of the United
States Bank of New York & Newburgh, Ohio and
of New York, ~~collected by the~~ care of Bond and
Miller & Co. Month of March 1834 - which
will be delivered accordingly at the expense and
risk of the United States - Making the sum -
forwarded by you 24 letters -

Very respectfully

Yours &c

J. W. Moore

Geo. Maynard Esq

Acting Secy

Dep. of War

Treasury Department
July 12. 1834.

Sir

Your communication dated the 9th instant has been received and I fully concur with you as to the expediency of carrying into effect the suggestions it contains.

I would, however, merely state for your consideration whether, as it is extremely desirable that the coinage of this year after July should be very distinctly marked, the letter "Aug" for August would not answer for the balance of the year as they would indicate a coinage in 1834 after the 1st of August. or whether the object would not be effected by having the word "New" added after the date 1834.

The whole matter is, however, left to your discretion in which I have entire confidence.

I remain very Resp^{ly}
Yours Obed^t. Serv^t.

Sam^l. Moore Esq.

Director of the Mint.

Sam^l Woodbury

Sec. of the Treasury.

P.S. I have to request that you would make

to the department weekly reports of
the amount of coinage after the 1st of
August specifying each kind and the
person or persons for whom coined.

Dunk of Astoria July 30, 1834

Dear Sir

I have had three Tables made out for receiving & spraying the principal Gold Coins of Foreign Coinage, which I take the liberty to enclose herewith, and to request of you the favor to examine, and to correct any error that may be found therein - My object is to have these Tables printed for the use of the Banks in this City, and in order that they shall be known to be accurate and obtain entire confidence, I shall be happy to have your examination & correction of them, and which I now request with the greater freedom in consequence of the kind information given me in your letter of the 17th Inst. that you would for the public accommodation affix the Names of certain Gold Coins in Case a List should be submitted to you for that purpose - If your terms will admit and you shall kindly consent to examine & correct these Tables you will confer a favor for which I shall feel much obliged -

If there are any Gold Coins of the several
Countries mentioned at the head of these Tables,
these are not of the proper fineness, or that
are below the Standard of the respective Tables,
you will please state what Coins they are,
and any other information that you may deem
useful to us and that you may think proper
to communicate will be thankfully received

I am very Respectfully
Sir your ob. Servant

Memo of the United States
Philadelphia, September 18, 1834

Sir

I have the satisfaction of forwarding a few specimens of the new half Eagles the coinage of which commenced at an early hour this morning.

Enclosed also I ask leave to commit to your ~~care~~ attention a packet for the President containing a specimen of the new coins, which have the grade of gold ~~and silver~~ to be

Accompanying this is also a communication specifying the peculiarities by which the new coins are to be distinguished. I have been apprized from many quarters of a general wish that such a description should be presented to the public ~~and~~ It would be gratifying and appear to be the more fit procedure that this should be communicated to the press through the Department. If this be approved will you please cause it to be done.

I can not omit to express to you how much I am to the singular assiduity and mechanical precision of Mr. Eckfeldt the Chief Coiner of the Mint in accomplishing thus early an object which has added very much to the ordinary course of the Department.

To Mr. Wheat also the Engraver of the Mint it is due to say that it has required the utmost attention on his

part to accomplish a pair of new dies for the gold coinage with-
in the past month in addition to the ^{unmelted} stock of dies for the silver
coinage which it is necessary to maintain.

It is anticipated that by the coming of Monday
the 4th without sensibly retarding the ordinary progress of the
silver coinage about \$100,000 in gold will have been coined.

I have the honor to be
With great respect
Yours &c &c

Philadelphia 1st Aug 1834

Sir

I have the honour to inform you that the
coinage of gold, under the new ratio of gold to silver, com-
menced at an early hour this day. Two half Eagles a
specimen of this coinage are herewith enclosed, the in-
tention of which I persuade myself will be approved. ~~The~~
~~prints~~ ^{They print better by} which the new coins may be distinguished
from those of former issues have been ~~submitted~~ ^{certified} in a
letter to the Department which will probably be published
for general information. ~~The changes made and which~~
~~will not escape your notice~~, have been a subject of cor-
respondence with the Secretary of the Treasury and approved
by him.

Permit me to express the sense I feel of the
unceasing assiduity ~~and watchfulness~~ and mechanical
skill of Mr. Eckfeldt the chief Coiner of the Mint by whom
the requisite preparations for this new coinage have been accom-

plished within the period of one month in addition to the
other cares of his very busy department.

To the Engraver of the Mint Mr. Kneass is due
also great credit for having executed so well a pair of new
dies of the half Eagle within the same period while the
dies of the silver dollar were being made.

I have the honor to be

Ministry of the United States
 Philad. Aug: 30th. 1834

Wm Moore

Director

Dear Sir.

Minist of the U. States

Phila. Aug⁴. 9. 1894

Your letter of the 20th. explaining
some misunderstanding as to the effect of the late law of
Congress on your paid deposit was duly read. The
points embraced by it I have an interesting and by
my ~~letter~~ letter of the 11th July sent was not then
I suppose v. d. - The effect of the law is the power
in raising ^{gold} bullion as in raising the nominal
value of our own coins -

I addressed Mr. McComin last 7th of
the Mechanics Bank ^{N.Y.} in regard to the deposit on
the 10th. as mentioned in your very letter to 'you'
and by a letter of the 30th. informed him
the coins would be ready on the 2^d Augth. -
I have nothing in reply to either of my letters &
~~for~~ fear that in some way there has been a
mistake as to the Bank - I write again this
morning to him but think it better to
mention this delay in ^{the delivery of} ~~the~~ the coins
which I can not account for -

D. H. McComin -
Young Men N.C.

Very respectfully,
J. M. McKim
Secy. of the U. States

Report of the U.S. Mint

Statement of the Amount of Gold remaining in the Mint received on the 9th August, 1834, with the Amount deposited for coinage within the week ending August 16th. ¹⁸³⁴ ~~that~~ together with the amount ~~of~~ ^{gold} of coinage accounted ~~the~~ ~~it~~ and the amount of coins delivered within the same period.

Remaining uncoined at the Mint 9th August.	\$234,000
Deposited ^{for coinage} during the week ending 16th Aug. 1834

Wm. L. Aug. 16. 1876

Am. M. Co.

In reply to the inquiries made by the Hon. Mr. Benton
 respecting the deposits and coinage of gold under the new
 rate, and the tendency of the deliveries as affecting the
 circulation of the Country, the following general facts,
 given in round numbers, will, it is presumed, be sufficient
 as statistical data for the estimates in view.

Gold Bullion deposited in June - coinage }
 deposited in anticipation of the action of Congress } \$ 61,500

Also deposited in July & deposited viz:

Uncoinced Bullion \$ 133,300

Gold Coins of the U. S. of former issues 226,350

Foreign Gold Coins 47,450 407,100

Gold Bullion deposited from August 1 to 16, inclusive.

Also uncoined Bullion 45,700

Gold Coins of the U. S. of former issues 87,000

Foreign Gold Coins 68,700 201,400

Total \$ 1670,000

Gold coins from Aug^r 1 to 16, inclusive 347,000

* remaining in the Mint uncoined

and which was deposited earlier than the
 28th July. 323,000

1836
 for Mr. Benton
 by [redacted] Adams

In regard to the direction which the new gold coins ^{should} ~~be~~ inclined to take, the following general statement of deliveries to the holders of certificates ~~is appended~~ and by whom, from the 15 Aug. 1868

	Mr. T. J. [redacted] New York gold certificates	\$3,000
	Manhattan Bank N.Y.	11,000
31	Eight individuals [redacted]	20,500
	Bank of America N.Y. City	125,000
4	Barings & Messrs Bank Phila.	10,000

Lu

Minist of the United States
Philad^a Aug^y 27. 1834

Yours of the 23^d was rec^d yesterday enclosing a check in my favour on the Girard Bank for \$8000, eight thousand and no pence.

I am not certain to provision you the amount of this draft ^{in good coin} before the 15th of next month ~~in good coin, and if from some source not an equivalent to~~
~~now we can supply up~~ at that time you may want as then being ready for delivery to your order.

A large supply say \$116000 was delivered this week to the Manhattan Bank N. York and about \$50000 will be forwarded tomorrow to the Bank of America of N. York in addition to about \$130000 delivered to the latter very recently, all being the proceeds of deposits made by these Banks for coinage - probably an early supply of small amount could be obtained from that quarter.

We may be able to give you a small proportion of quarter Eagles, but no Eagles will be coined in the ^{U.S.} ~~at this~~ time. ^{Very respectfully,}

Charles Brad Ogden
Cash^r Comm^r with Bank
Boston

Yours obed^t serv^t

Phenix Bank

New York 9 August 1834

To Saml. Moore Esq

Director of the Mint,

Phila.

Dear Sir

By Mr. Ogden a teller of this Bank, I forward to you a quantity of gold, as per the annexed list, with a request that the same may be coined under the new law in relation thereto.

Aware of the necessary press upon the Mint at this time, I will only express a wish, that we may have the returns at the earliest convenient moment.

I have seized this opportunity to send on by Mr. Ogden some of the Gold weights of this Bank - which as a favor I beg you will permit to come them to be tested by the Mint weights, - I am not aware that any Standard

Bank of America Aug. 20. 1834

Sir

I thank you for the information communicated in your favor of the 20. and I prepared sending tomorrow for the Coin belonging to this Bank, by Selou \$105,201.17 including the amount of the Supplementary Certificate, and Gold \$54,955.52 balanced due on the Gold Certificate N. 48 - will you please have the whole put up in well secured Kegs - the Gold I think had better be put up in 2 Kegs, Packed tight with Paper or old Rags - If you can furnish a part of the amount of Gold in quarter Eagles you will oblige me by doing so -

Our Messengers will hand you the Mint Certificate -

I am very respectfully

Yours Obedt. Servt

Geo. Newbold Treasr

Commonwealth Bank

Boston Aug 23 1834

Fannie Moore Esq

Sir

The Commonwealth Bank (doing the Government business), is desirous of obtaining some of the new Gold pieces

I have taken the liberty to enclose to you a check on the Cirrus Bank payable to your order for Eight Thousand Dollars - will you have the goodness to pay me this amount in Eagles half eagles to be packed, and delivered to my written order? and very much obliged,

Respectfully

Charles Howard Esq

Please say at what time they will be ready

Consulate of the United States of America
at Bergen in Norway the 20th of August 1854

The Honourable Secretary of the Treasury
of the United States, at Washington

Sir:

On the 22nd of April I had the
honour of addressing you, to which I beg leave to refer.

In compliance with the request of the High Department
in Circular of the 21st of August 1854, I herewith transmit
in the enclosed packet specimens of the real Norwegian
Coins consisting of:

1 whole species, say 1.00
1 half - ditto, or 60 Skilling,
1 fifth - ditto, or 24 " "
1 eighth ditto, or 8 " "

Of which 9 1/4 species are coined of one elegant fine silver Cologne alloy

1 four Skilling silver
1 two - ditto " "

whereas 10 3/4 species are coined of one elegant fine silver alloy

1 two Skilling Copper
1 one " " "

40 Skillings of which are made of one plated alloy -

The amount of them I have charged in my
account with the Treasury. -

Since my last Communication, a further improvement
has taken place in the value of our papermoney, the
Norway Bank-exchange being reduced to 125 pct. -

In the commercial towns of the Country, Hamburgh
Banco, of which 1 dollar is equal to 1 mark Solspergine, has
been negotiated at 115. 120 paper dollar for 100 dollars Hamburgh
Banco, according to demand. - This improvement must
chiefly be ascribed to the abundance produce of the silver
mine at Kongsberg, which amounts to abt. 14000 marks
for the last half year, and continues very promising.

I have the honour to be, Respectfully,
Honourable Sir.

Your most obt. Servt.

Wm. J. Janson

Dunk of America Aug: 24. 1834

Sir

Mr A L Worth the messenger for
the Silver Coin left here this morning before
the rest of your favour of the 12th. & therefore
enclose herein the Certificate of our Gold
deposit, and Request that you will please
deliver to Mr. Worth such portion of the
Gold Coin as may be ready, and take his
receipt for the same - If you can furnish
even a small part of the amount in
quarter Eagles I will thank you to do
so - You will please hand the Gold Coin
put into Bags before it shall be packed
in Keys -

I am very respectfully
Yours
Jas Newbold

West of the United States

Chicago - Aug. 12. 1874

Please your paid certificate by
the sum which ~~may~~ ^{may} cover
~~to~~ ^{for} the return of the Merchants Pk - You will see
a large proportion of the amount. ~~of the~~

Yours respectfully,

Samuel Moore

Geo. Newbold Esq

Pres^t of Am^c

New York 12 August 1833,

Sir

I am favoured with your letter of the 8th Inst
Covering the Tables of Gold Coin. I have the pleasure
to enclose a proof as connected by you. You will
perceive I have added a note to the Table of Spanish
Coin as suggested by you. And likewise that they
have been examined at the Mint and approved.
Please accept my thanks for the time and
trouble it cost you to examine them.

The Tables may be procured in Philadelphia at
Mr. T. Ash's Stationery Store

Very Respectfully
Yours mo. ob. Servt

C. G. Hewcomb

Minst of the United States

Philad. Aug. 12th 1844

Dear Sir

I enclose the list of your
report of said which it is probable will be
sent & ready for delivery in about 30 days - all
are at present coming only half English -

The accompanying statement gives
the value of the goods & how reported. I think it
is necessary to inform you about in that
respect

Very respectfully

Yours &c

Wm. Moore

Treasury Department
September 21. 1834.

Sir,

Your communication, dated the 20th ultimo, has been received and I am pleased to learn, that the demand for the new gold coinage still continues. It is desirable that, as long as the calls for it are frequent, the mint should be enabled to meet them promptly, and, if practicable, should coin as much each day as was coined daily for the two first weeks in August.

As the temporary emission of the motto "E pluribus unum" and of the cap of liberty during the present year, for the purpose of distinguishing the new coin has been made the ground of complaint, and, as the new coins next year can be distinguished by the dates, it will, probably, be better that they should be then restored, tho' in a manner somewhat improved, if convenient. I would therefore prefer, that no work should be done on the dies intended for the coinage of next year, that might prevent the restoration of the motto, on one side, perhaps, above the Eagle as now, but in smaller letters, or of the cap, on the other side, to be placed on a

pole near the head of liberty.

I intend to confer with the President on the subject, when he returns, and the above suggestions are in the mean time submitted for your consideration.

I remain very Resp^y

Agree^d Wm. B. Serv^t

Sec. of the Treasury

D^r Saml. Moore

Director of the Mint.

Statement of the amount of Gold remaining
